

In the Academies, your investment of time yields returns in the form of a new generation of local talent.

PARTNER ACTIVITIES

Explore various ways to invest your time and expertise in our schools.

- Be a guest speaker, provide projects, and host workplace tours.
- Offer job-shadowing, co-ops, and internships.
- Provide teacher externships and support curriculum development.

PARTNER COMMITMENT

Attend two to three Advisory Committee meetings a year and execute at least two career exploration activities with the school.

PARTNER BENEFITS

Investments cultivate a new generation of local talent.

- Enhanced community reputation and involvement
- Opportunity to shape the future workforce
- Access to emerging talent

A PATHWAY TO THE REAL WORLD

Join us in transforming education! The Academies of Louisville collaborate with local businesses to provide students with real-world experiences that prepare them for successful careers and further education.

By partnering with us, your business can help shape the next generation of skilled professionals right here in our community. Together, we can build a stronger Louisville.

TESTIMONIALS

"You're not only teaching them how to be professionals; you're teaching them how to be adults. If you bring them in and treat them right, you can fill your pipeline and employment needs and have the pleasure of watching these kids grow with your company."

Kim Blanding
System Director of Talent Acquisition and Workforce Development
Norton Healthcare

"Use this partnership to allow your current employees to be a part of mentoring and shaping the students who join your place of employment, and you'll reap the benefits. It's no longer solely about profits but actually about being a committed member of the community."

Chad Anglin
Operations Manager
Wirecrafters

SCHOOLS collaborate with businesses to provide hands-on learning experiences for students.

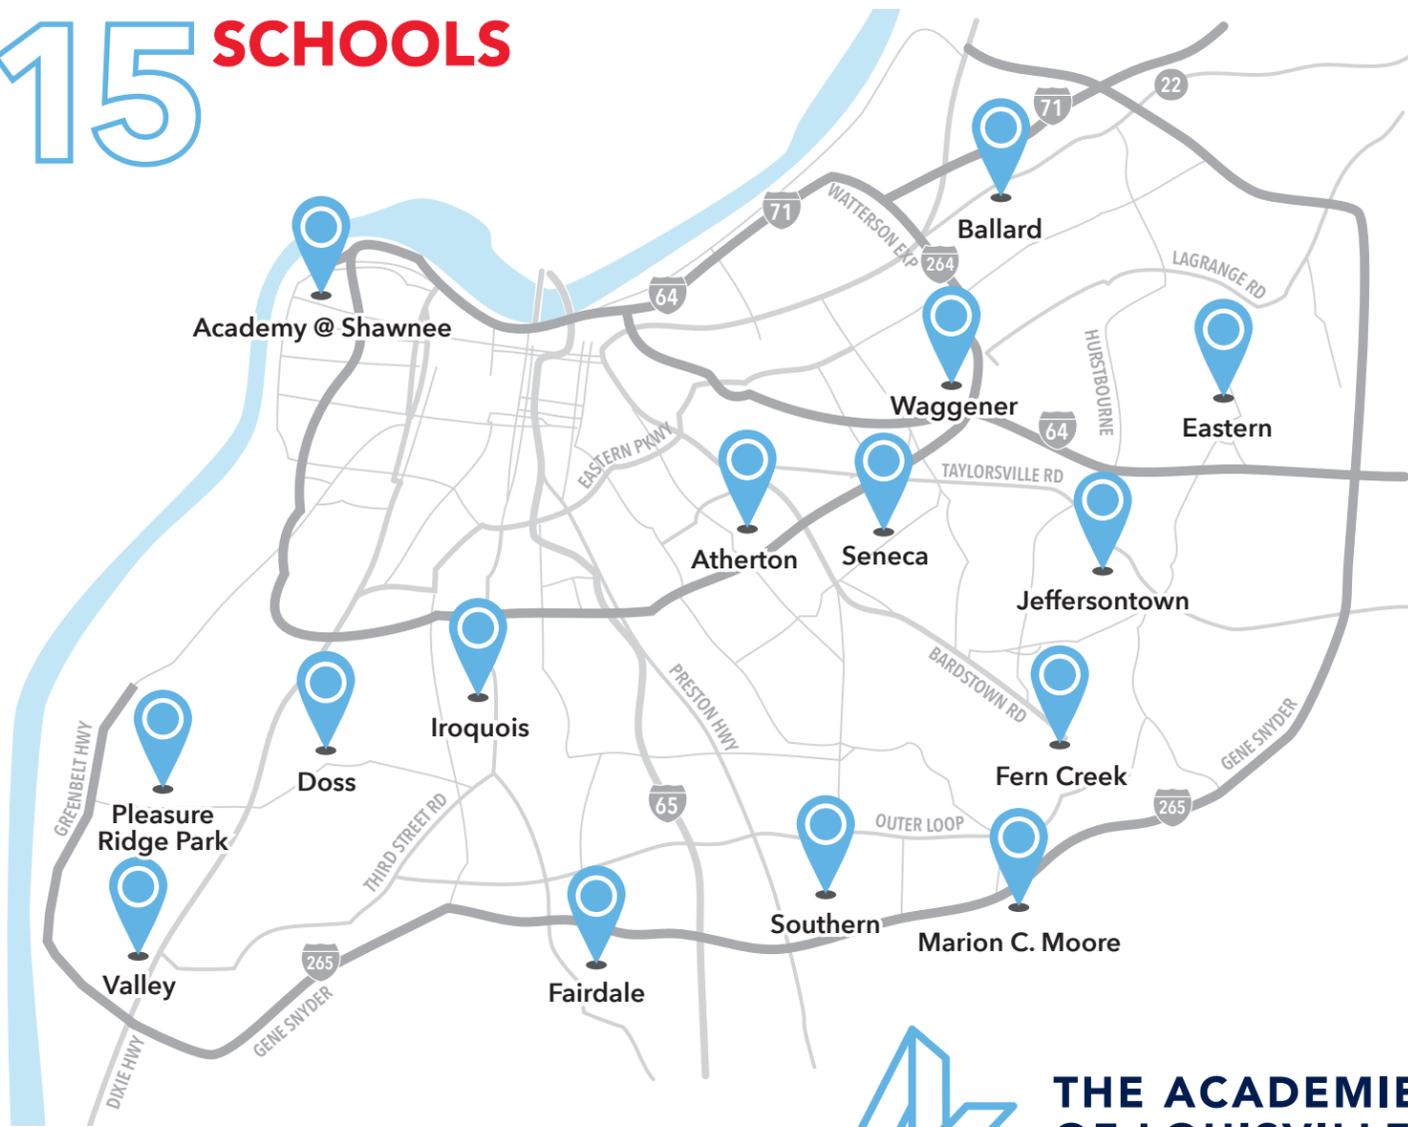

BUSINESSES partner with an Academies of Louisville school(s) to connect with future talent and enhance community presence.

STUDENTS select career pathways, acquire practical real-world experiences, and graduate well-prepared for college and careers.

COMMUNITY benefits from graduates equipped with real-world experience who contribute to the local economy and community, creating a skilled workforce.
